

Diversity Coordinator Report – 7 January 2007

1. I was added to the national committee. No information has come out of Colorado as to when we become active.
2. I was looking at the Maryland website and saw that the Maryland LSC sponsored a Diversity team to attend the Diversity meet in NC last year. After speaking to the Head Coach, I found out that the LSC paid for the transportation for that meet. They took 80 swimmers and easily won the meet. Is there a possibility that Virginia Swimming can do something along those lines? I know that we need to have a lot more information before we commit to anything.
