

## REGISTRATION REPORT

APRIL 26, 2007

There are **5605** athletes, **945** non-athletes, **50** clubs and **32** seasonal athletes registered. Athletes are down 133, non-athletes 19 and seasonal 140. 4 clubs didn't register for 2007. We have 3 new clubs since last report. They are Galax Riptide in Galax, Unique Swimming on the Peninsula, and Virginia Tech from Blacksburg. It may be that we will pick up 2 more college clubs.

There are 278 coaches registered. 267 have completed their background screening. I have no knowledge if the 11 have started or whether they have been denied and have started the appeal process. They may not be coaching any longer. I plan on notifying the clubs. Our Age Group Chairman asked some of the Zone staff (not coaches) to go through the screening process. Not all apparently participated. The information on those that did was sent to me within 24 hours. There was one appeal that I know of. And that took 6 weeks to complete. The person was cleared.

The current coach list and expired list is posted on the web. It will be updated once a month on the first of the month, or when there are changes. Certification lists will still be sent to the referees and meet directors.
