Chaperone Request Form

At Zones, 10 and under swimmers will be swimming in the afternoon session. Approximately four 10 and under chaperones are needed. 11 and older swimmers will swim in morning prelims and evening finals.

All chaperones share in timing at the meet, unless they are working as officials. In order for chaperones to be able to be on deck at the Zones meet, they must be deck certified. **If you already have your certification, the cost of chaperoning is \$100. If you DO NOT have your certification, the cost of chaperoning is \$150 and a USA Swimming application form must be completed.** Checks are to be made payable to VSI.

Chaperones are selected based on their experience and certification (certified official, medical experience, previous Zones chaperone experience and what is needed in each age group, etc.). This selection is made at the discretion of the Zones manager.
