A Philosophy for Swim Officiating... Professionalism ?

- What do we mean by
"A Philosophy" ...

Philosophy is defined as :

- a set of beliefs.....
- a state of mind.....
- a general understanding.....
- the manner in which one wishes to act when involved in swim officiating.....

- the only acceptable philosophy must be.....
- to provide safe, fair, and equitable conditions of competition so that no swimmer shall obtain an unfair advantage over another, rather than to catch violators of the rules
- What is the best way to achieve this goal...

Professionalism

A Profession has Professionals.

Is "Swim Officiating"..... a Profession ?

To be a profession - an institution must have...

- Mastery of Substantive Body of Knowledge
- Programs of Professional Preparation & Certification

Alphabet of Professional Swim Officiating

The PROFESSIONAL swim official is the one who...

A . considers it an advantage & a privilege
...not an obligation to officiate.

Success of every meet depends
upon the officials.....

integrity, knowledge, concern and regard
for the competitive interest of swimmer

The PROFESSIONAL swim official is the one who...

B. gives benefit of the doubt to swimmer

"but, he gained no unfair advantage"
..... is not a good yardstick by which to judge

If you are sure, then
a hand goes up right away.

There's no room in swimming for a Bad call

The PROFESSIONAL swim official is the one who...

C. is consistent and provides a uniform application of our common practices and procedures in all situations both.... Locally & Nationally

Two Major Consistencies of Swimming:

1. TIME = universal standard
2. DISTANCE = 25y, 25m, 50m

We must strive to be consistent.....

across all lanes,
at both ends of the pool,
throughout all sessions.

The PROFESSIONAL swim official is the one who...

D. maintains his/her dignity

E. has respect for all those working to make a swim meet a great experience for all young people

F. focuses on observation.....
not.... anticipation,
not.... expectation,
nor.... preference.

Swim officials just observe & don't care who wins

The PROFESSIONAL swim official is the one who...

G. knows his/her intentions are genuine....

knows their attention was correctly focused

however, if you blow a call,
admit it... be honest.

H. builds a healthy environment for competition...

...has a protective rather than....

...a punitive attitude

"Looks for a reason NOT to DQ,
rather than a reason to DQ a swimmer."

The PROFESSIONAL swim official is the one who...

I. is impartial...

different views on Fairness in a swim competition:

Swimmer - wants fair starts & knowledgeable S/T judges

Coach - projects outcomes & doesn't want an official to decide that outcome

Official - observes & does not care who wins

The PROFESSIONAL swim official is the one who...

J. doesn't make officiating into a jousting contest

between a competitor and the official...

"Chuck always false starts, &
I'm going to get him today"

between one official
and another...

"but I don't want to work the
far end, I want to start"

The PROFESSIONAL swim official is the one who...

K. has a strong working knowledge of the rules,
while remembering purpose of the rules...

... Knows the rules -

reads rule book before each session

... Understands the rules -

language nuances & intent of a rule

... Uses the correct interpretation of the rules -

Conducts every meet according to the written RULES
