

Technical Planning Committee Report

January 29, 2018

All meets through the Championship season have been sanctioned and posted to the web site. The work is beginning on the Long Course meet invitations already received and those should be posted in the very near future.

A 2018-2019 meet template has been developed and is attached to this report. This should be sent to all clubs so that bids can be received and a nearly completed schedule presented at the HOD in April.

It is believed that an in-depth discussion needs to be had concerning the meets in the Championship progression and whether they are serving the needs of the bottom of the pyramid and all swimmers equally. This should be held in conjunction with the Age Group committee.

Respectfully Submitted,

Jessica Simons
